MUHAMMAD SALMAN Full Stack Developer | React, Next.js Developer | Backend Engineer

✉ msalmankhokhar13@gmail.com   📞 +92 318 6456552   📍 Sahiwal, Pakistan   🌐 www.salmanmalik.pro

SUMMARY

Experienced and versatile **Software Engineer** with a strong foundation in **full-stack web development** and expertise in technologies such as **React**, **Next.js**, **Python Flask**, **Node.js**, and **Express**. Skilled in designing **responsive front-end user interfaces**, developing **robust back-end APIs**, and managing **databases** to create **scalable** and **efficient web applications**. Currently expanding my skill set by learning **mobile development** with **React Native** and continuously exploring emerging technologies. Known for delivering **clean, maintainable code** and solving **complex problems** with innovative solutions.

EXPERIENCE

Web Development Team Lead
Cortex AI Tech, Islamabad, Pakistan
2024 - Present
Developed and maintained official website, and a web based
attendance management system for employees.

SKILLS
